CLASS LOG

September, 1937

Hearing of vast treasures that lay ahead, a company of sixteen, captained by Miss Myrtle Wilson, began their long and educational journey. Members of the caravan were: Billy Albright, Billy Paul Bell, Delores Bristley, Golda Craig, Rosemary Denney, Beverly Greenfield, Robert Green, Delphernia Kail, Donna Jean Katzer, Jay Kell, Dean Long, Donald McLean, Theodore Schultz, Ladonna Stubbs, Gerald Trobaugh, and Charlotte Coulter.

Along the way, Billy Albright, Rosemary Denney, Delphernia Kail, and Dean Long left our ranks to join other caravans, and Raymond and Eugene Eubank and Edwin Godfrey became members of our group.

During our course of entertainment, the prospective Class of '49, with the help of our janitor, made a miniature locomotive, complete with engine and coaches. A visit to the local depot provided us with extra details necessary for our project.

September, 1938

The second lap of our journey found us with five new members: Donald and Eugene Aswegan, Wayne Kopsa, Clare Russie, and Jimmie Burt. In the course of events, Ted Schultz and Ladonna Stubbs took new trails to the goal.

A general store was constructed by the troop and their new leader, Miss Alice Jenks. There the group purchased necessary supplies.

September, 1939

Mrs. Marjorie Nelson took charge of the journey at this stage. Monte Hammond, Jerry Brown, Harold Holgate, Pauline Ahl, and Phyllis Graves joined our band, while Clare Russie left us.

Miss Dorothy Schultz, our music teacher, directed a Maypole Dance, which provided good entertainment for onlookers, and plenty of mix-ups for those participating.

September, 1940

Bob and Bill Reel, Dale Parker, Bob Ferneau, Beverly Ferneau, and Martha Embree increased our numbers this year. Martha Embree, Edwin Godfrey, and Bill Reel chose not to continue with our caravan. Miss Ruth McClain led the happy crew farther on its journey.

September, 1941

Joy Davis was the only one to join our ranks, but we lost Monte Hammond and Eugene Aswegan.

This year our troop leader, Miss Vera Willis, was surprised on her birthday with a gift in a basket hung on the suspended globe in our quarters.

August, 1942

Under the direction of Miss Harriet Stoops, the caravan traveled on. Dale and Eugene Smith joined us and remained with us throughout the year. Dale and Beverly Greenfield left us at the end of the year.

During the course of events, Miss Stoops instructed us in wood-working. Plaques and pictures resulted from our efforts.

September, 1943

When Mrs. Elna Arnold took the captaining position, four new persons had joined us: Stephen, William Spaid, Lila Stackhouse, and Charlotte Wolken. Beverly Greenfield came back to us after being with others for a year. Charlotte Wolken left us in the latter part of the year.

Our first supervised physical training began this year. Spell-downs also occurred, with most of the individuals exerting extra efforts on the little blue spelling books.

September, 1944

William Spaid, who left the first part of the year, was the only person to alter the membership of our ranks this year. Eleven persons remained under the leadership of Mrs. Ethel Cosner.

One of our members was runner-up in the 6th, 7th, and 8th grade spelling contest this year. A week of displaying baby pictures of each of the members was a part of the science project. My, how some of us have changed! Another week was composed of hobby exhibits.

September, 1945

Green and shaking, our troop met with three others, who were a little more assured of themselves and their journey, to continue our tour. Betty Katzer and Wayne Ross came with us to help keep our ranks up-and-coming.

Just to show our courtesy to the other three troops, even though one rank had initiated us properly, we staged a Hallowe'en party. An appreciative group attended. John Ludemann engineered us through this year.

September, 1946

Wayne Ross left us between regular sessions. Kathleen Kregel sponsored us as we planned our dirty work for the new rank that entered our combined company.

September, 1947

Faithful Kathleen captained us again this year. Lee Hogle joined us and Bob Ferneau left during the year. Beverly Greenfield had taken a new trail during the summer.

"Brother Goose", an outstanding production, was presented to the public October 8 and 10. A football play, demonstrated by female characters of the production, provided good entertainment.

The banquet in honor of our top-most rank, who had almost attained their goal, was held under lavender and white streamers. A "Gay Nineties" theme, a little ahead of our time, constituted the program, and the Jerry Sherman orchestra provided dance music.

September, 1948

Almost there! Soon to reach the goal.

Stephen Price and Beverly du Playee left us, just as we neared the height of our glory. Harold Whitney took the reins as we journeyed over our last lap.

Picture day at Apgar's, Marshall Manufacturing, Western Grocery, and Swift's proved exciting, hilarious, and fun.

CLASS PROPHECY

BY

Dick Frederick, Jack Healey, and Betty Jo Cooper

In the year 1959, the three of us were home for the July 4th carnival. We were taking in the sights of the carnival when lo! and behold! we beheld the sign before us "Swami Riva". Since we had been reminiscing over our old school highlights. About the time we saw the "Swami" sign, we were talking about our first Junior and Senior Banquet and the old 49ers (the gold diggers!). We then saw our chance to find out about our past acquaintances, so we entered the deep, dark, mysterious interior of the "Swami Riva's" tent. We told the Swami of our wishes to know what our old forty niner pals were doing. This is the story that the crystal ball unfolded for us:

We first found Delores as a nun in South America. The crystal ball is hazy when we ask if she's repenting for her sins.

The crystal ball then took us to the far-off mystic East to the province of Quanta la Guesta. There we finally recognized Lee (woman-hater?) Hogle as a sultan with 300 wives.

There veiled woman reminds us of Lila La Fluer, who has gained wide fame as a talented bubble dancer, with Bingling Bros. circus. My, what is this world coming to?

In the same Bingling Bros. circus we found two more old acquaintances. One, Jim "MAN MOUNTAIN" Brockway, the two fisted, two hundred sixty-five pound mass of muscles, who is billed as a strong man and weight lifter. The other old buddy has now gained renowned fame as "Jughead" Jerry, the tightrope walker. We always thought that he would make a good TIGHTrope walker.

The crystal ball then took us to Broadway in New York City. Outside of one of the elite theaters we saw the lighted margqee featuring "Donald McLean--World Famous Ballet Dancer; who tripped? the light fantastic. We figured he got his start by dancing in a merry ring in an old high school operetta many, many years ago.

Next we see in the crystall ball, a fair damsel by the name of Betty "peddle pusher" Katzer. She seemed to be circumnavigating the globe on a bicycle. When she came to the first ocean that she was to cross, she seemed to be a bit perturbed as to how to cross on her bike until she found out that "DUZ does everything".

Our next view of the 49ers is on a lonely atoll in the Pacific where we see Jay, a lonesome hermit pacing up and down in front of his cave, thinking of the good ole days and wishing that Maisie, the mermaid would return. If only-----oh! well!

Speaking of Jay's experience with women we are reminded of another 49er classmate namely Bob Reel, who is now manager of a lady wrestler. Teaching them all his old HOLDS??

Our deep trance was suddenly and very rudely broken and with a loud crash in came Charlie "Death-doger" Coulter, successor to Jimmy Lynch. As she picks herself up out of the pieces of her car, she says, "I guess I forgot to turn!"

In conclusion we decide that the "Great, wonderful Swami Riva" is just a big DRIP!!

LAST WILL AND TESTAMENT

Through various phases and passing of time, the "Forty-Niners" have acquired a few extra things which we believe might be of some use to those to succeed us. So, to those of you who have been following us in our long journey, the Class of '49 gives to you the following, providing good use is put to each and every article.

The wolf of the class has decided that as soon as he leaves the halls of CHS, the world will take care of all his many girlfriends, so to Jerry DBoley, Lee wills his way with women.

Jerry Brown, another of the pack, feels badly whenever Dale "Gracie" Smith loses out with the women. Therefore, out of Jerry's kind heart, he wants Gracie to have his "baby"-sitting ability.

To Dick Frederick, Jay so generously wills all his excess poundage. Cherish it, Dick, it may come in handy some day when the depression strikes.

If you've seen a black streak recently, it was just Betty Katzer, with the Ford. To Patty Weatherman, we will Betty's knack of getting Pa's car.

We've seen Beverly Biggs going stag so many times that Charlotte has taken pity on her and wills her whole fleet to Beverly.

Driver's training, we know, has been a definite asset to many, but just to keep things from getting too dull, Jim wills his extra traffic tickets to Priscilla March.

Then, of course, we would hate to see Delmar Yetley sit through a class with nothing to do. We, the seniors, hereby will our fingernails to Delmar to mutilate during economics class.

To Wayne "Digger" Kopsa, Don wants him to have his pool-playing ability, so that Digger's spare moments won't be idle.

Although we'll be gone next year, we will be watching the papers for sports news, etc. To Jerry Reece, hoping he will make headlines next year, Lee wills his basketball ability.

So that Bill Reel won't acquire a nickname of "Shorty", or some other such appropriate title, Jerry Brown wills his slenderness to him.

We've noticed Dale "Oogie" Parker having trouble trying to control his blond locks, so Jay wills his Butch to Dale, so he won't have any more trouble with his cowlick.

We don't want anyone to have too little to do next year, so Maurice we will all of Jim's extra-curricular activities.

In order that glamour be retained, Lila has consented to will her pompadours to Arnold Curry. We hope you will treasure these, Arnold, because it isn't everyone that can have pretty hair.

To Betty Lou Johnson the class wills all its many eventful trips to away-from-home basketball games in those big, exciting buses.

Just to keep things lively on the basketball floor, Delores wills her extra fouls to Bonnie Cuffel. But be careful, Bonnie, when you meet some forward that's bigger than you.

We don't want physics class, or any other class for that matter, to get boring next year, so to Jim Speicher go Lee's witty remarks.

To LaVern Stover, who seems to have a hard time getting done all that is necessary, Betty wills her speed. Apply it wherever and whenever you think necessary.

As we journey on to our places of higher education, we have each resolved to send to Russell Kitzman a sweatshirt from each of our respective colleges.

Maxine's wrinkled forehead has us worried. We don't want her to look old before her time, so the class wills all their happy moments to her.

So that Betty Jo's idle moments can be taken up with happy and pleasant thoughts and memories, Delores wills a "too-big" class ring. Wear it on a ribbon or, with the aid of tape, on your finger. Just make sure it's not a 1950 ring.

It seems that the juniors and seniors have an excess of black Fords. Jim would like to will his ability to stack up said vehicles to Wesley McAllister.

We feel sorry for Jack Healey, because of his drooping shoulders, so we hereby give him Don's square ones. (Watch the padding, Jack, it slips occasionally.)

Providing Wallace will promise to care properly for them, he inherits Bob's front curls. "Proper care" consists of regular washing and pinning up of those curls.

For peace, order, and concentrated study, we will to Joan Eatinger the job of keeping the assembly quiet. That's quite a task, but we hope you will get along o.k.

To Frances Brindle, the class wills all our "unspoken" humorous declamatory readings. And all our luck goes with them.

In order to keep some well-groomed tactics within the class of '50, Lila wills her daintiness to Barbara Johnson.

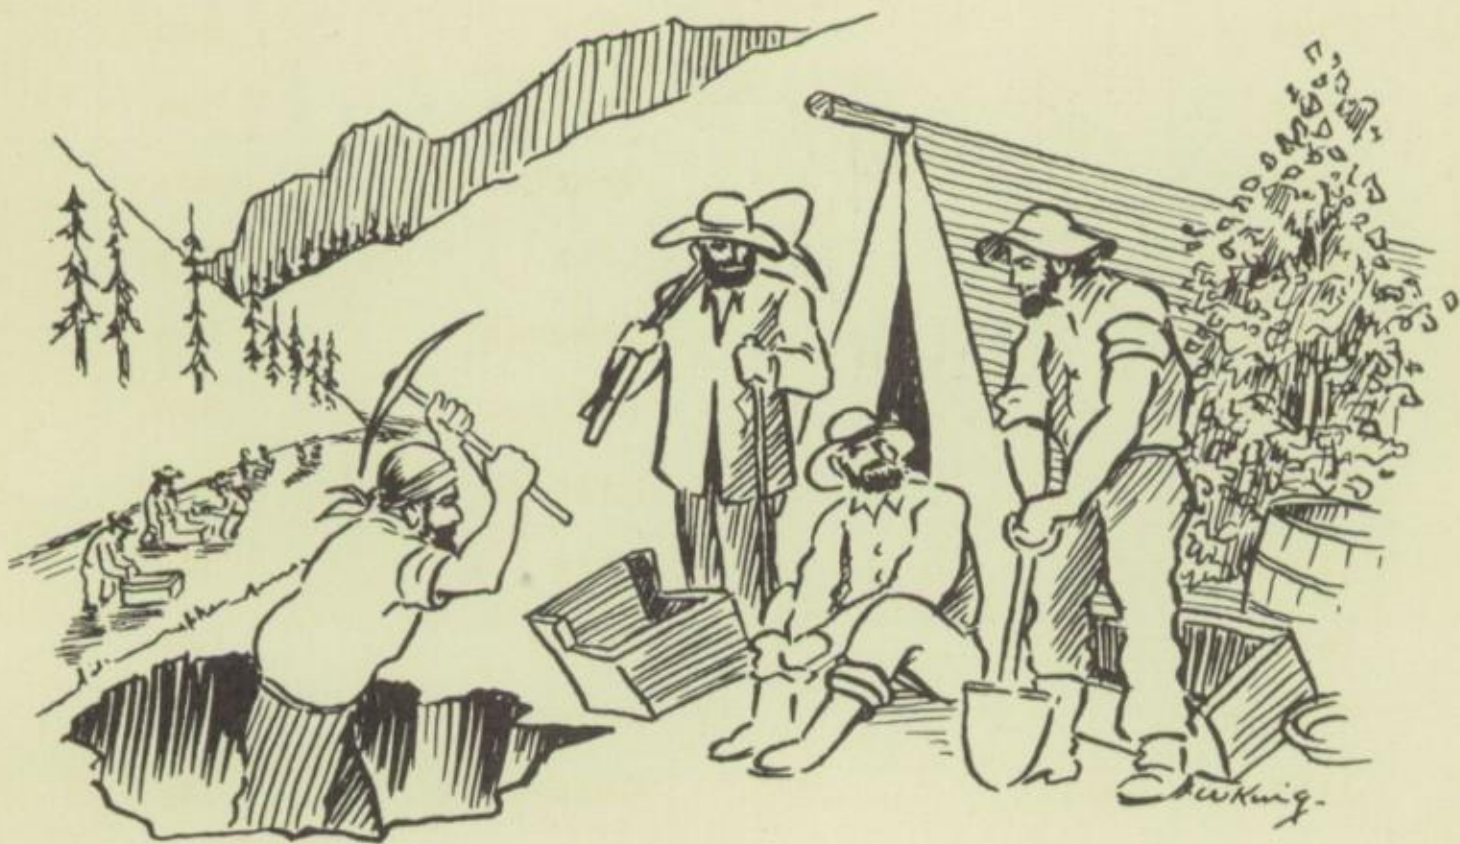

When things get rough in band, we don't want Reickhoff to tear too much of his hair out, so to him we will Lee's and Jay's butches.

To give him a few leisure moments, the Forty-niners will to Mr. Powers all our extra study halls, as well as our agility gained from operating the adding machine.

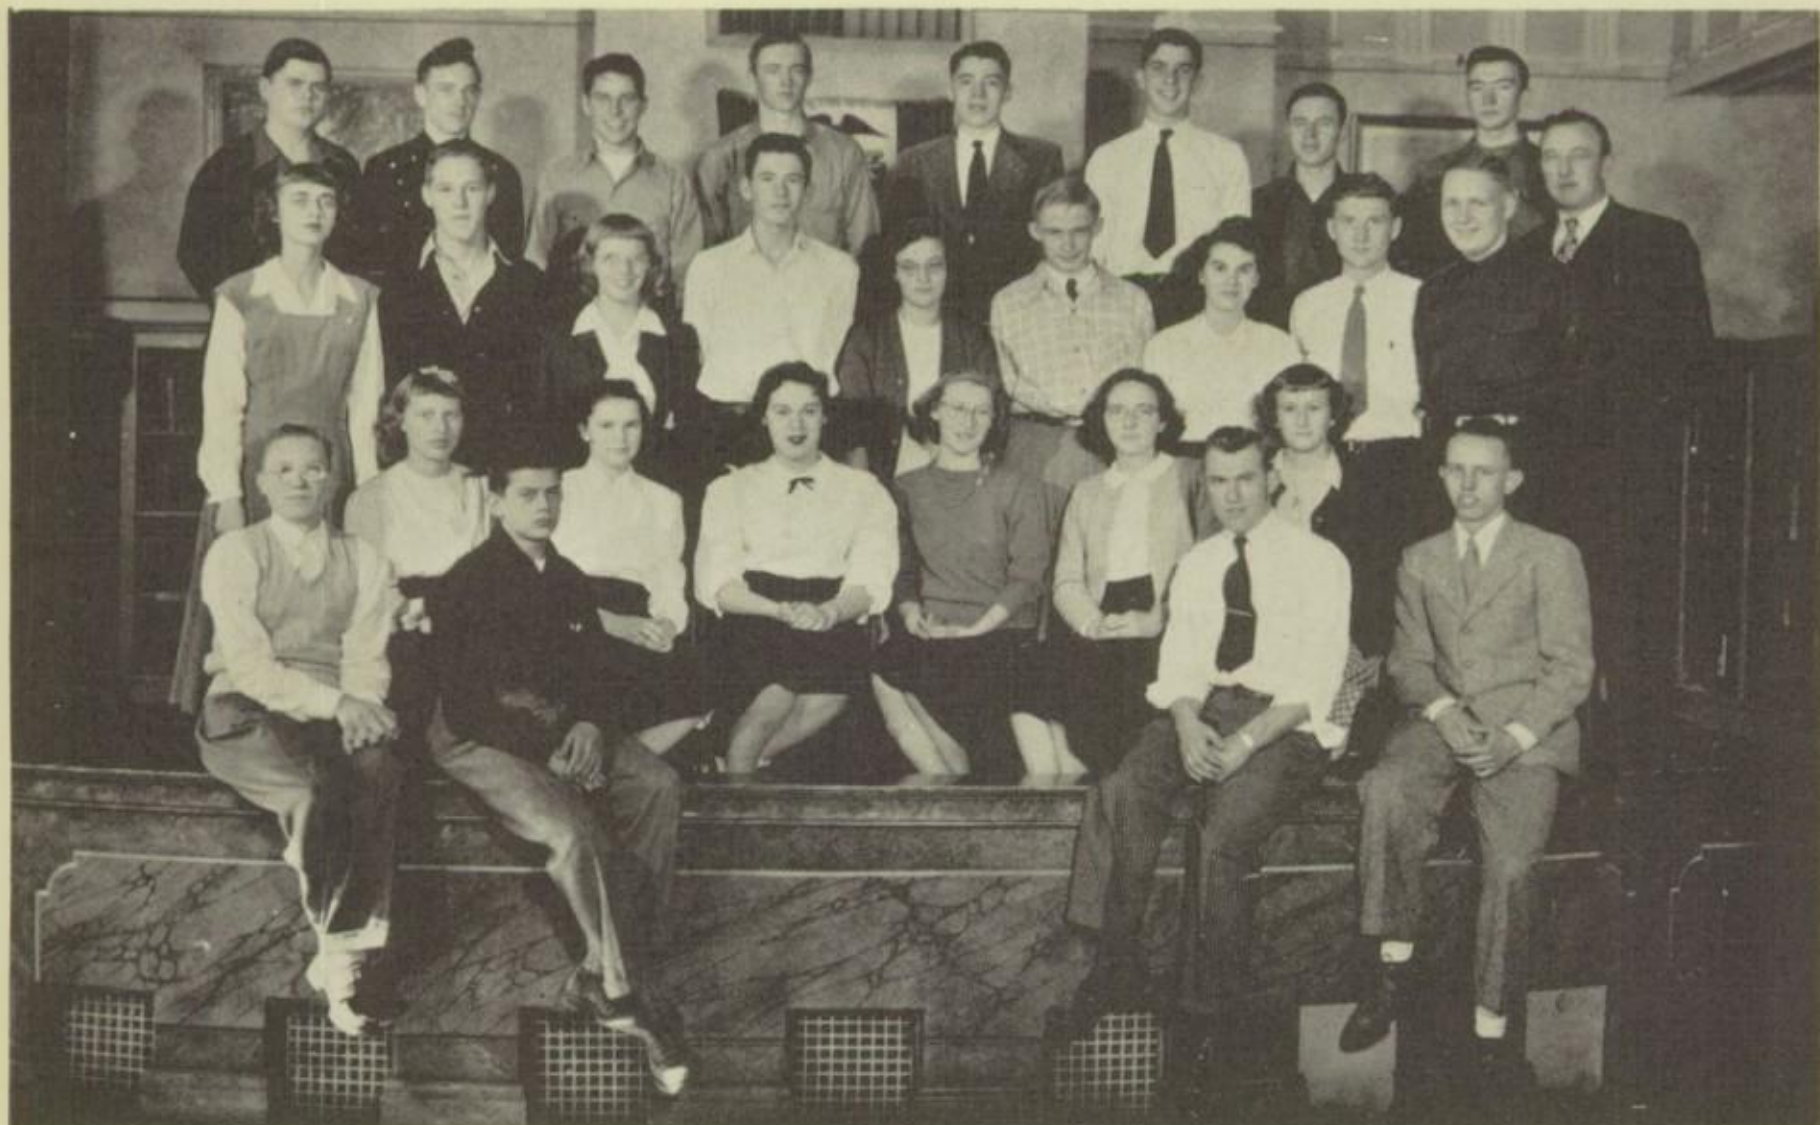

Since protons are always stationary, and we can't take them with us, we will all our excess positive charges to Mr. Whitney.

HIGHLIGHTS

During the fall the Juniors presented the play "IF THIS BE BLISS". The cast included: Dexter Smith, a high-school Senior--Maurice Smith, Ma Smith, his mother,--Maxine Reel, Dad Smith--Dick Frederick, Dotty Smith--Frances Brindle. Joe Pauley, a college representative--Jack Healey, and Marcella Payne, Deck's girl--Bonnie Cuffel. The production clearly showed the troubles of Dexter as he struggled between college and his girl, Marcella. A fine supporting cast under the direction of Mrs. Luella Rosine helped to make the play a success.

The Juniors are busy planning for the big spring event, the Junior and Senior banquet to be held in the high school auditorium on May 7th. The "49ers" theme will be carried out with the color scheme in gold and white. The program will also be centered around the gold rush days.

During 1948-49, the Library Club has performed its required duties. A librarian has been on hand to assist in finding reference material, as well as sign out books, magazines, and encyclopedias. These members have devoted worthwhile efforts to keep our library under a controlled system.

TROJAN STAFF

Untiring efforts have produced a weekly publication of "The Trojan" in our local newspaper. Under the editorship of Charlotte Coulter, the reporters have kept busy gathering news and the typists have worked to get the paper in its proper shape.

Extra daily issues of "The Trojan" made their appearance during the girls' sectional tournament here.

All in all, the edition has been very interesting to the students and townspeople this year.

ANNUAL PLANNING COMMITTEE

Long hours and sleepless nights constituted a great deal of the efforts put forth by this group. However, we sincerely hope our work hasn't been in vain. Our main desire is to please you, our readers, and we hope we have achieved our goal.

During the football season the band gave interesting half-time performances for all six of the home football games and finished off the season by giving a half-time demonstration at Colo on October 29. The band made several other out of town marching appearances, including a "band day" trip to Marshalltown in October and "Band Jubilee" celebration at Waterloo in May.

Through the untiring efforts of our Band Mother's organization a complete set of new twirler uniforms were purchased. This addition finished the two year project of new band uniforms which was started last year.

An outstanding representation of the marching band was made by our six twirlers, Delores Bristley, Pat Wiseman, Cloris Stubbs, Barbara Sharp, Mary Jo Moseley, and Verdel Dowden, during the mass baton twirling demonstration at the Iowa-Michigan Football Game at Iowa City, September 25. This year, for the first time, band members enjoyed several band parties; these included a surprise wiener roast, a Christmas Party, and a surprise band party in the spring.

CONCERT BAND

The Conrad High School Concert Band, under the baton of Gustav Rieckhoff, made several memorable appearances during the winter and spring months. They played for two political rallies and aided in making the Armistice Day program a success. Two formal concerts were given, consisting of a wide selection of music, ranging from overtures and selections to pop tunes and novelties.

Several fine solos and ensembles were taken to the music contest at Story City on March 12. These included the saxophone sextet--Donita Brown, Dorothy Schmidt, Arlene Parker, Cloris Stubbs, Janet Stover, and Marjorie Specht; brass sextet--Delores Bristley, Dora Stewart, Phyllis Hogle, Frances Brindle, Lee Hogle, and Roger Hogle; clarinet quartet--Beverly Smith, Barbara Small, Wesley McAllister, and Lila Stackhouse; alto saxophone solo--Donita Brown; baritone solo--Maurice Smith; and bass saxophone solo--Marjorie Specht.

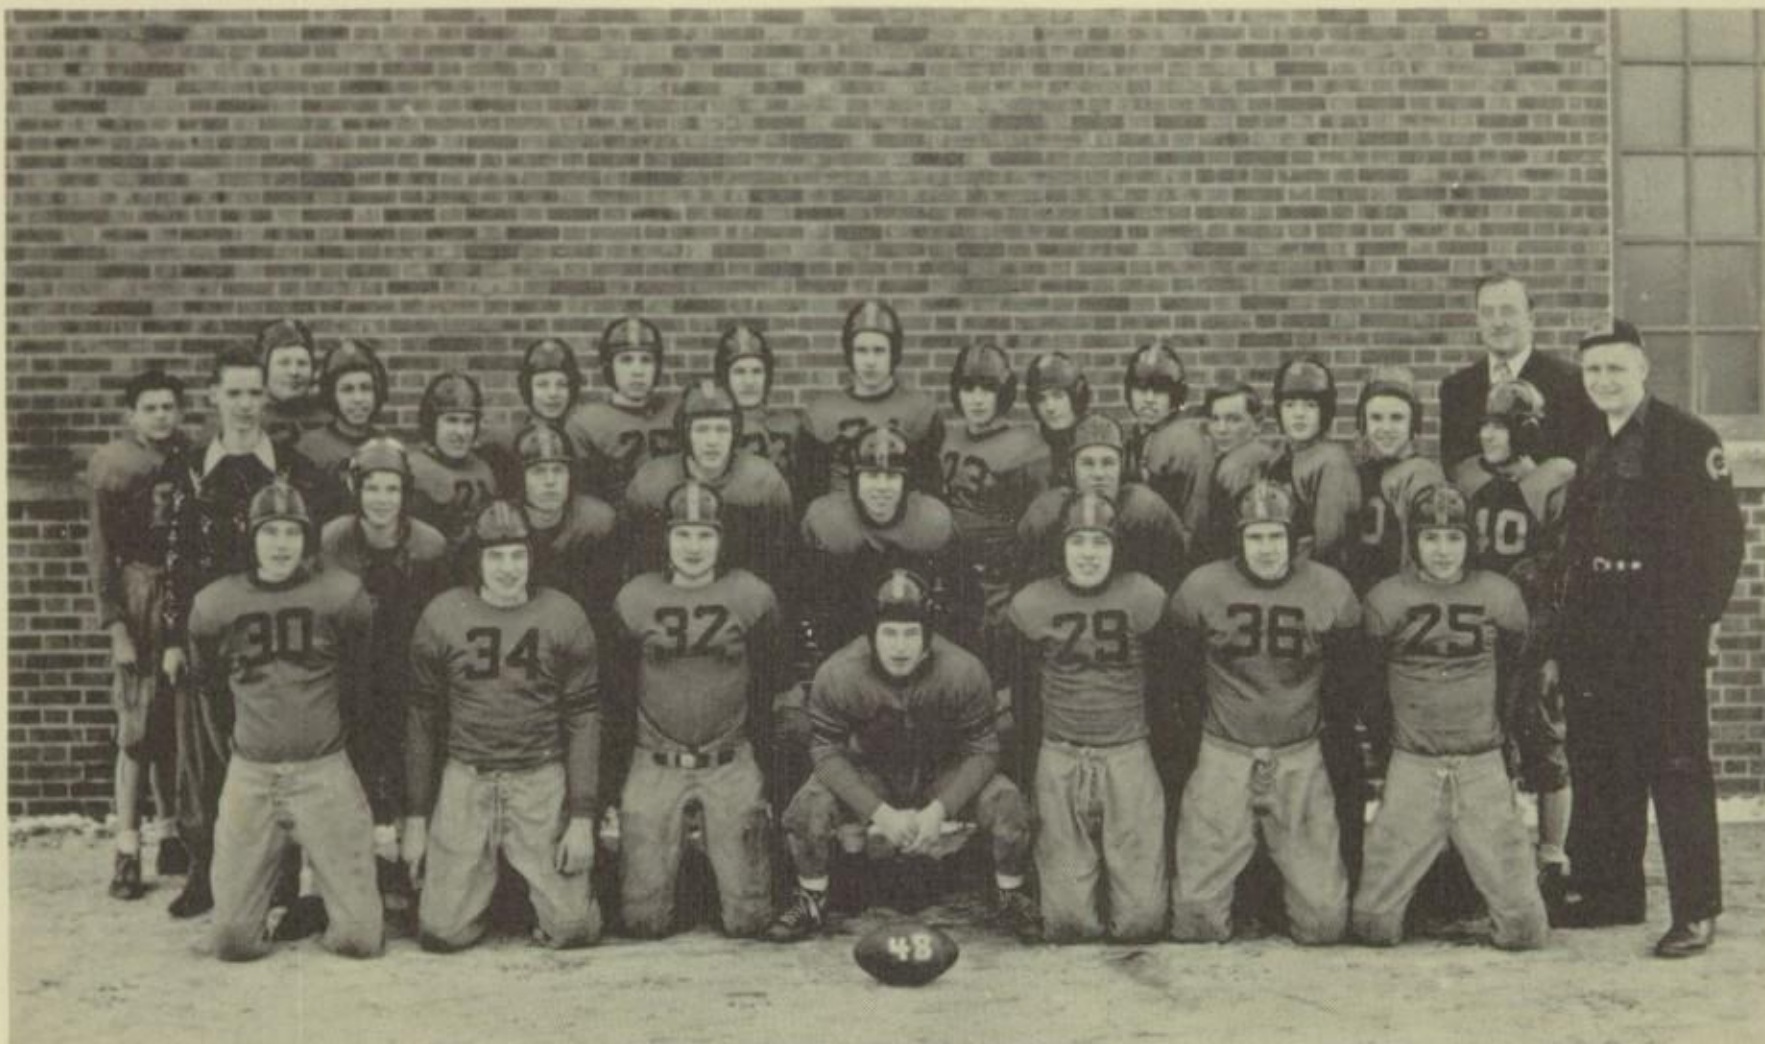

After much hard work and perserverance, the concert band made an excellent appearance at Eldora on April 9.

Several interesting events took place during the school year: saxophone quintet appearance on WHO radio station. Grundy County Music Festival at Grundy Center in May, performance of Iowa State Teachers College Band at Conrad in March, and several music clinics at Waterloo.

During the last semester special band pins were given for perfect attendance at band rehearsals.

GAME HIGHLIGHTS

The Trojans started their season off in fine shape this year to defeat Gladbrook 7-0. Smashing center and end runs led to the only touchdown of the game. Jerry Brown suffered a broken nose.

The first and only defeat of the season came when they met the Bobcat B team here. The Marshalltown reserves beat them 20-6 in a roughly played game.

Edging by Tama in a close contest, the second victory of the season was achieved. It was a nip-and-tuck duel, but the Trojans came out on top 13-12.

A 26-0 win over Traer was sparked by Dale "Gracie" Smith and Jay Kell.

The fighting warriors gained their fourth win of the season as they trampled Eldora's B team, 26-6. Everyone saw action in this game.

Grundy Center's Spartans furnished us with the fifth win of the season. Two touchdowns by Dooley, topped off with Kell's field-length run, provided good excitement for the crowning of the queen.

The Trojans smashed Colo's homecoming there, with a resounding victory 37-7. The help of a few new plays and outstanding teamwork guaranteed the final victory.

TEAM PERSONALITIES

The "48" Trojans of Conrad High School were a group of spirited and fighting players. They made a very fine record for themselves and their school with the loss of only one game.

The lettermen graduating are: Bob Reel, Jerry Brown, Don McLean, Jay Kell, and Lee Hogle. Returning lettermen: Wayne Kopsa, Dale Smith, Jack Healey, Maurice Smith, Jerry Dooley, Wesley McAllister, Bill Reel, Robert Smith, Howard McLean, Dick Sweet, and Hal Dean Cooper.

The first eleven were--Jerry Brown at center, who did a fine job of blocking and filling up the holes of the line. Then came the brains of the outfit, Jay Kell. Jay did a commendable job of passing, running, and calling plays. Don McLean played tackle and did a very good job of both tackling and blocking. He made the other team know that he had to be moved before they got by. Bob Reel, who played end, did a nice job of catching passes and taking care of his part of the line. Bob was also elected team captain for the year. Stephen Price, another senior, also did his share of running and tackling in the backfield. When he hit anyone they knew they had really been hit. Lee Hogle, husky tackle, did a fine job of blocking and tackling, as well as collecting black eyes. Wesley McAllister played guard and especially enjoyed playing in the other team's backfield. How about that, Wes? Bill Reel, the other end, did his part of catching passes and blocking. Jack Healey and Maurice Smith played guard. They both did their part of tackling and blocking. Maurice did a nice job of pass-intercepting while playing line-backer. At full-back, Dale Smith was a hard-driving ball carrier and accounted for many of the Trojan's touchdowns. Jerry Dooley, the other hard-fighting back, caught many passes and did a good all around job. The rest of the team did a fine job of fulfilling their assignments and should receive a hand for their help.

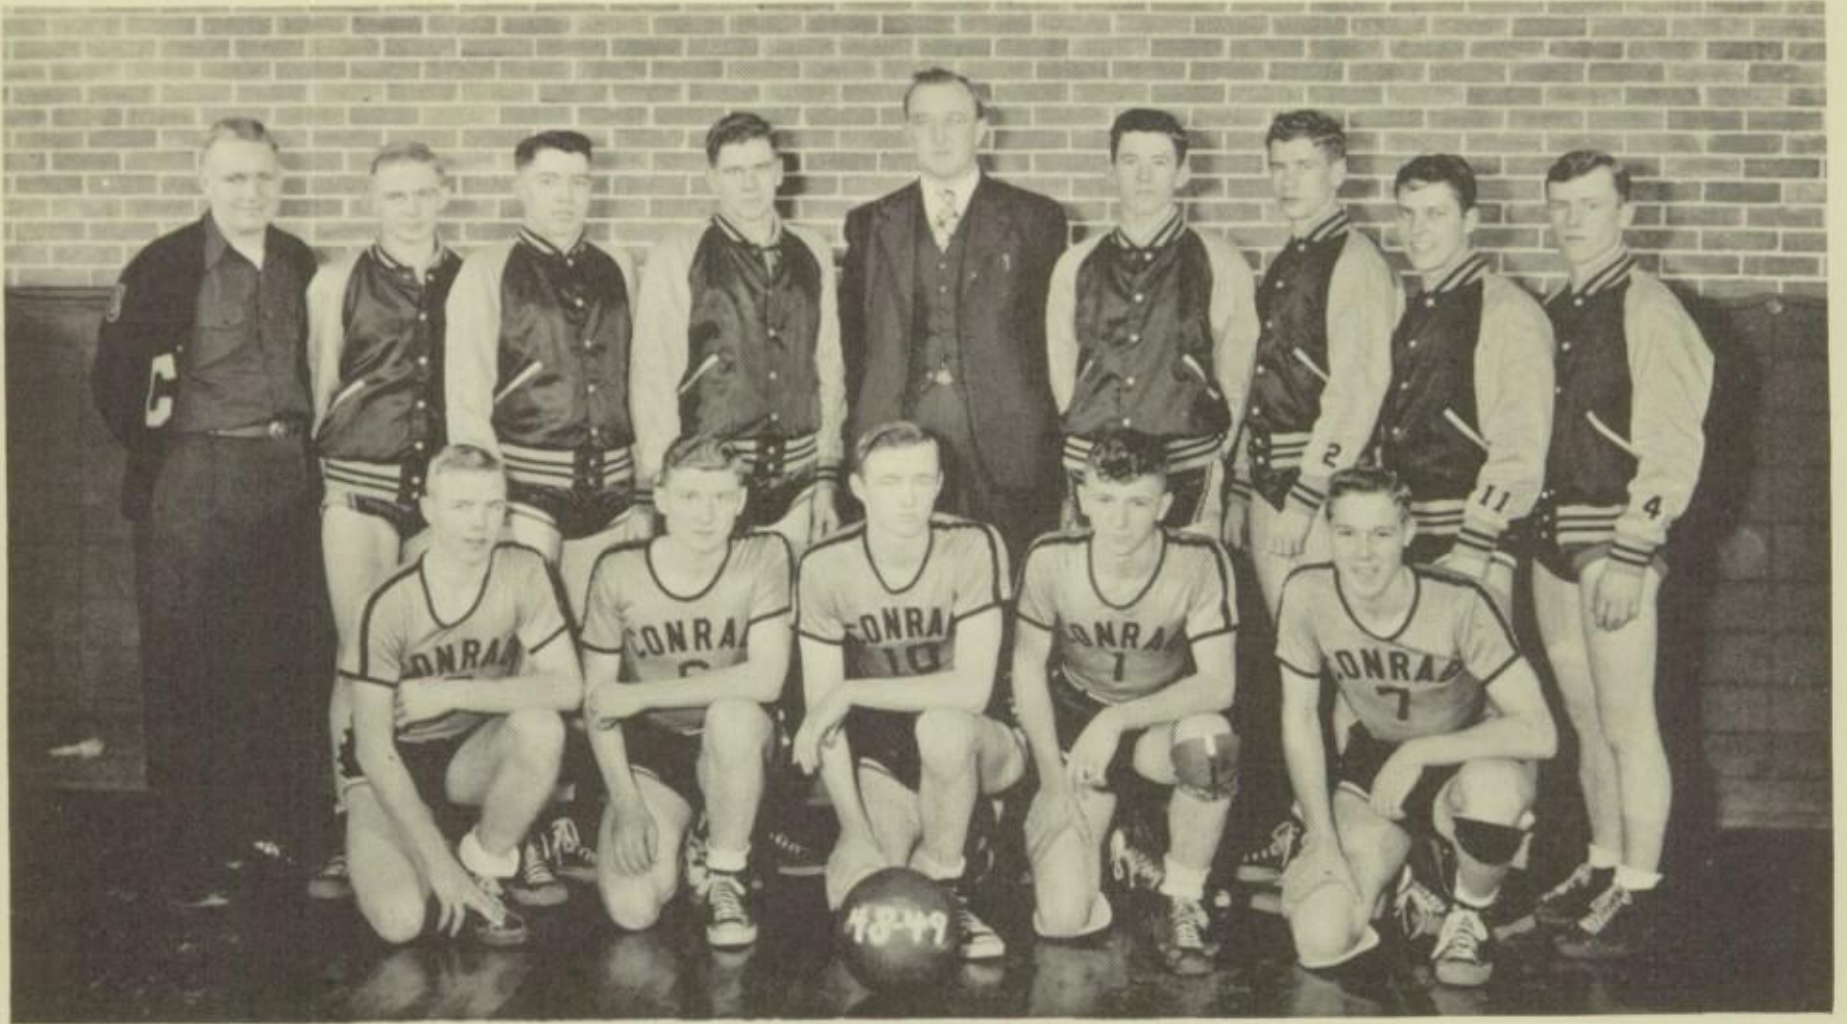

Here's a good-by to the seniors, we'll miss you next year. Also, here's hoping we'll see all the other players returning for the "49" football season.

We were fortunate during the season to have exceptionally mild weather. Some of the nights were a little cool for the spectators, but it seemed just right for playing. We wish to thank those who attended the games for the fine support given to the team.

BOYS BASKETBALL

The 1948-49 boys' basketball team won six of nineteen starts, having its share of bad luck. The Trojans found themselves shortly before the close of the season with a 52-22 victory over Liscomb in the semifinals of the Sectional Tournament. Then bowing out before a highly rated Wellsburg five, 39-35, after a highly-contested game.

At the start of the season Coach Powers did a considerable amount of adjusting, trying to find a combination that would produce the desired results. In the second game of the season, the team showed a spark of life with a 28-18 win over Liscomb. But they were unable to again hit their stride until they out-played a good Garwin five, and decisively beat them 37-25.

The County Tournament then came up with Dike and Beaman dampening our hopes for a trophy.

Green Mountain then fell before Conrad twice, each time by a 20 point margin. Wellsburg and Beaman then somewhat abruptly closed the season for us with two defeats.

Although the seasons' record wasn't always on the win column, prospects look good for the coming 49-50 season.

TEAM PORTRAITS

Bob Reel, senior forward, was the team's best scorer, getting a total of 131 points. His best night was against Whitten, when he poured in sixteen points. Jay Kell, regular guard, was a rugged defensive player getting his share of the defensive rebounds. The other senior member on the squad was Don McLean, substitute center. The pivot slot was usually filled by Dale Smith. Dale "Gracie" was second high scorer with his tip-in shots making 83 points. Jerry Reece, Howard McLean and Jerry Dooley played the other guard with Kell. Maurice Smith, Bill Reel and Wesley McAllister took over for Steve Price at the forward position. Johnny Dowden, Dale Parker and Robert Smith were other regular members on the traveling squad.

GIRL'S BASKETBALL

The Trojanettes journeyed to Liscomb for the opening game of the season. We lost our first game by three points. Delores Bristley, Lila Stackhouse, and Betty Jo Cooper started as forwards, but later Delores switched to guard and continued this position for the rest of the year. Bonnie Cuffel, Betty Johnson and Delores Bristley exchanged side guard positions throughout the year. Isla Mast was regular post guard and did a good job of rebounding.

Betty Jo Cooper and Donita Brown alternated the post forward position while Beverly Smith and Joan Reel were the regular side forwards most of the time. Virginia Clay and Lila Stackhouse substituted at these positions. Barbara Small, Barbara Johnson, Maxine Reel, and Carolyn Bridgeford all showed some promises for next year's team.

Our only graduates this year are Lila Stackhouse and Delores Bristley. Returning letter-winners are Cooper, Cuffel, and Johnson, from the Junior class, and Brown, Reel, Smith, Mast, and Clay, from the Sophomore class. Joan EATINGER was our manager and Barbara Stevens our sponsor.

The Conrad girls were hostesses to the sectional tournament this year. Lamoille defeated us in the first round with a score of 40-28. Wellsburg was the winner, while Green Mountain and Lamoille took second and third places, respectively. Betty Johnson and Beverly Smith were the home qualifiers for the free throw contest.

The Trojanettes made an improvement over the number of games won compared with last year. We hope to make an even better record next year. The games won and lost are as follows:

Conrad 35	Beaman 31	Conrad 28	Liscomb 31

BASEBALL OF 1948

Last year Coach Powers lead a fine record of winning four out of six games. The two losses occurred in tournament games-the County Tournament where Dike beat the Trojans 4 to 1, and in the Sectional Tournament, Beaman beat the Trojans 4 to 1.

The highest scoring game was the first of the season. The Trojans beat Grundy Center 13 to 12. The game with the largest margin was Conrad 12, Green Mt. 1.

LaVerne Stover and Bob Weatherman were usually the battery and a good combination. Jerry Dooley at first, Jay Kell at second, Russell Katzer at shortstop and Steve Price at third completed the infield. The outfield consisted of: Dale Smith in left field, Gordon Hess in center field, and Dale Mast in right field.

The graduated lettermen were: Dale Mast, Bob Weatherman, Gordon Hess, and Russell Katzer. The returning lettermen are: Steve Price, Jay Kell, Jerry Reece, Dale Smith, Jerry Dooley, LaVerne Stover, and Robert Smith.

Bob Weatherman, Steve Price, Jay Kell, Jerry Reece, and Jerry Dooley were the leading hitters for the Trojans, but everyone played hard and fast ball.

Coach Powers predicts that the prospects look good for the coming baseball season.

JUNIOR HIGH BASKETBALL

FRONT ROW: Leon Stevens, Donald Zern, Larry Bone, LaMoyne Reece, Henry Price.

BACK ROW: Robert Coulter, Ronnie Koch, Leslie Cooper, Coach Borden, Pat Clay, Kenneth Brockway, John Moseley, Wayne Smith.

JUNIOR HIGH GIRLS' BASKETBALL

An invitation to the Green Mountain basketball tournament for junior high girls prompted Conrad girls to form a team. The play-off started March 8th, and Conrad pitted their strength against Liscomb in their first round of play. The Junior Trojannettes had only two weeks to get organized and master a few plays. However, height plus speed made Conrad a darkhorse in the tournament. Those competing for spots in the front court were Barbara Sharp, Mary Jo Moseley, Hazel Baker, Cloris Stubbs, Donna Reel, and Phyllis Hogle. Pat Wiseman, Carol Hillygus, Carolyn Eggleston, Arlene Parker, Verdel Dowden, Colleen Price, and Janice Fraker took over the guard court.
